PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The Federal COPS Office has awarded the Los Angeles County Sheriff's Department \$989,477 for the COPS 2004 Technology Grant Program. COPS Technology funding allows recipients the opportunity to establish and enhance a variety of technical equipment and/or programs to encourage the continuation and enhancement of community policing efforts within their jurisdictions. This program is intended to place departments at the forefront of innovative technological developments.

With this funding, the Sheriff's Department's Emergency Operations Bureau (EOB) will purchase two (2) mobile command posts. These vehicles will be self-sustaining work places equipped with cellular and satellite communications capabilities for information sharing and tracking. These units will replace the two (2) command/communications mobile trailers that were purchased in 1965. The existing mobile command posts are inadequate to meet the demands of today's multi-agency response missions. The replacement of these 39 year old mobile command trailers will enhance the emergency management capabilities of the Sheriff's Department, public safety first responders, and the County's Emergency Operations Center. On June 15, 2004, your Board approved submission of the grant application that is now being awarded.

Implementation of Strategic Plan

The COPS 2004 Technology Grant Program supports the County of Los Angeles' Strategic Plan. Specifically, with the support of this funding, the Department will be able to realize the achievement of Goal #2: Workforce Excellence. The grant funds, directed at purchasing two (2) mobile command and communications units will increase the operational effectiveness and efficiency of the Department as it relates to emergency preparedness and management.

FISCAL IMPACT/FINANCING

The COPS 2004 Technology Grant Program award will provide \$989,477 in grant funding to the Department. Of this amount, \$849,000 will be expended in Fiscal Year 2004-2005, while the remaining balance will be included in the Department's Fiscal Year 2005-2006 operating budget. Under this program, the County is not required to contribute any matching funds.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The grant award period is from January 23, 2004, to January 22, 2005, with the ability to extend. The award documents were received from the Federal COPS Office on October 28, 2004. The award documents have been reviewed and approved as to form by County Counsel.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

This funding will have a positive impact on current services as it will satisfy the need for modern mobile facilities and state-of-the-art technical hardware to respond to incidences, including, but not limited to, suicide bombings, releases of biological/chemical agents, active shooter-incidents, earthquakes, and fires.

CONCLUSION

Upon the Board's action, the Sheriff's Department needs to obtain four (4) individually certified copies of the Board-adopted letter. The Sheriff's Department's contacts for the requested Board action are Michelle Day, Grants Manager, at (323) 526-5212 or Jana Dillon, Grants Coordinator, at (323) 526-5359.

5. For grants of \$500,000 or more (or \$1,000,000 or more in grants over an eighteen-month period), the grantee acknowledges that failure to submit an acceptable Equal Employment Opportunity Plan (if the grantee is required to submit one under 28 C.F.R. 42.302) that is approved by the Office of Justice Programs, Office of Civil Rights, is a violation of its Assurances and may result in the suspension of the drawdown of funds. The allowable costs are limited to those listed on the budget clearance memorandum, included in your agency's award packet.
9. Technology Initiative grant funds must be used to supplement, and not supplant, state, local or Bureau of Indian Affairs funds already committed for the grant purpose (hiring, training, purchases, and/or activities) that would exist in the absence of the grant.
